

Vice-Chancellor's Message

It's my great pleasure to share that our university has again proved its might and worthiness by holding two very important events i.e. successful visit of Accreditation Team - PRT (Peer Review Team) and Kisan Mela 2022 "Regional Agriculture Fair for Eastern Region" on the theme "Entrepreneurship Development through Monetization of Agricultural Waste" during 12-14 March, 2022. Both events were grand success as Ten Thousand Five Hundred Seventy Eight (10,578) participants from farmers and other stakeholders representing from twenty three districts of five states participated in this mega event and got benefited by innovative technologies and products developed and showcased on different technology stalls displayed in Kisan Mela. Similarly, the Accreditation team (PRT) also returned with great satisfaction and positive observation after inspecting and reviewing the academic and research infrastructure and activities of the university showcased by different colleges/ units. The efforts made by faculties and staff members for successful organization of both events deserves my rich appreciation.

In view of Rabi crop harvesting time, I would advise my research faculties and farmers to be watchful to weather forecast for making harvesting and threshing decisions to protect the crop from weather vagaries like hailstorms and rains.

Finally, I wish to extend my good wishes for Happy Holi, Chaitra Navaratri and Ramadan to everyone in the university campus and its off campus.

Vice-Chancellor's Engagements

- Inaugurated National Training in Sugarcane at SRI, Pusa on 02.03.2022
- Participated as Chief speaker in Garlanding and discussion on the occasion of 133rd birth anniversary of great farmers' leader and freedom fighter Swami Sahajanand Saraswati ji in Dr. Jagannath Mishra College, Muzaffarpur on 02.03.2022.
