

Vice-Chancellor's Message

I am happy to share that University administration has been further strengthened with joining of regular Director Research and Comptroller, at the university. The university KVKs have also been strengthened with joining of new SMS appointed in different subjects. This young pool of energetic professional will take the KVK activities to a new height and be the ambassador to spread the innovative technologies developed by university among farmers. I hope they will deliver and contribute to their level best in all round development of the university.

Further, University Hospital has been equipped with the state-of-the-art facilities created for dental treatment. Its my firm belief that enriched manpower and facilities will bring a lot of good to the university academics, research, extension, administration and employees' welfare.

Dr. R. C. Srivastava
(Hon'ble Vice-Chancellor)
